PROFILE SUMMUERY

I'm a third-year Software Engineering undergraduate at NSBM Green University with a strong interest in creating practical solutions through software. I've gained hands-on experience building web and mobile applications as part of my academic journey and personal projects. I enjoy working in team environments where I can learn, share ideas, and contribute meaningfully. I'm eager to take the next step through an internship where I can apply my knowledge, grow my skills, and be part of a real-world development team.

EDUCATION

Bachelor of Science (Hons) in Software Engineering – 2022–2026

NSBM Green University
CGPA: 3.48 /4.00 (up to L2S2)

Advance Level – Physical Science – 2020

Physics –C | Chemistry – C | Combined Maths – S

TECHNICAL SKILLS

Programming Languages	Web Development	Mobile Development
C Java C# Dart	HTML, CSS, JavaScript ReactJs, NodeJs, Express Js Tailwind CSS	Flutter
Databases	Project Management	
MongoDb, MySql, MSSql Firebase	GitHub	

PROJECTS

Online Train Ticket Booking Mobile Application (on going)

Flutter | Firebase | Dart
Contribution – Full stack Developer

- Designed and developed a full-featured mobile app for booking and managing train tickets online.
- Enabled users to search train schedules, book tickets, and generate e-tickets with embedded QR codes.
- Implemented features to download and share train schedules, track live train locations, and view booking history.
- Integrated Firebase services for authentication, real-time database, and cloud storage.

Spice Mountain – E-commerce Website

React | CSS | JavaScript

This project showcases my skills in front-end development, with a focus on creating smooth animations, responsive design, and an intuitive user experience. Using Framer Motion, I brought the website to life with fluid transitions and interactive elements, while CSS helped me craft a clean and modern layout

Repository – [ECommerce](#) Demo – vercel.com

PROJECTS CONT'D

Portfolio Website

React | CSS | JavaScript

- Designed and developed a personal portfolio website using React.js to showcase projects, skills, and contact information.
- Created responsive and modern UI with smooth navigation and dynamic sections.
- Highlighted completed projects, technical skills, and experience in an engaging layout.
- Focused on clean code, reusability of components, and cross-device compatibility.

ROLES AND RESPONSIBILITIES

Project Manager, STEMUp Club

NSBM Green University,

Organizing Committee Member, Mantra Event-2023

IEEE Student Branch

NSBM Green University,

SOFT SKILLS

Project Management
Public Relations
Teamwork
Time Management
Leadership
Effective Communication
Critical Thinking

LANGUAGES

Sinhala (Native)
English
French

INTERESTS AND HOBBIES

Volunteering
Coding
Watching movies
Listening to musics
Traveling
